

Clubs QLD does the Kokoda Trail!

**8 days that will change
your life forever!**

25 JUL - 3 AUG 2008

On behalf of all at Clubs Queensland I'd like to personally invite you to join me on what truly will be a "Trip of a Lifetime". Those words are freely used but rarely does an opportunity come about to experience something as special as Kokoda. As the heading says "8 days that will change your life forever"

So pack your bags, put these dates in the diary as must do's and **reserve your spot now** as there is a maximum of only 25 people who can enjoy this unique trip!

The **Kokoda Track**, now officially renamed the **Kokoda Trail**, has great historical significance and was the site of bitter fighting between Australian and Japanese armies during the early days of World War II. The Kokoda Trail traverses Papua New Guinea over rugged mountains, rainforest and clear mountain streams. A trek on the Kokoda Trail is a challenging adventure through some of the most remote jungle in the world.

If there's only one thing you can do in 2008 then this should be it, so don't delay and for more information and a detailed itinerary contact our travel agent today either by e-mail, or phone.

I look forward to sharing this wonderful experience with you.

Doug Flockhart
Clubs Queensland

“Over the last five years I have listened to motivating speakers, I have read many inspiring books, attended life changing seminars / retreats seeking inspiration, connection and direction to life and myself, which at the time all have served their purpose and lead me to the next chapter throughout my life – yet as I embraced and opened myself to the spirit of the Kokoda Track, one could feel the seeds of transformation being planted with regard to a new direction that will unfold for me in due course time, as I settle back into life”

”
