Kokoda Spirit School Group Tours

Educational Travel on the Kokoda Track

Every year Kokoda Spirit organises many expeditions for Schools across the Kokoda Track. Whether the trip is to fulfil educational goals or for personal development, it is always more than just a holiday.

We have an emphasis on fostering understanding and celebrating diversity.

The Kokoda Spirit school adventure is an authentic experience of different cultures, customs and landscapes where your students can develop a deeper understanding of the world around them while still having fun.

Our Kokoda Track trips offer an innovative and safe educational travel experience, focussing on interaction with the local communities and developing a greater understanding of the diverse and rich cultural heritage of PNG.

Our educational journeys help students develop a sense of worth and self esteem, along with concepts of teamwork, leadership and shared responsibility- in addition to simply having fun!

Whether you want to understand the battles along the Kokoda Track, challenge yourself physically and mentally over the tough terrain, appreciate the rainforest at first hand, or immerse yourself in the culture of the local communities, we can create an innovative and safe itinerary with experiences that you just can't get on a regular school trip.

Our itineraries are specifically designed to suit your requirements and allow time for community projects along the Kokoda Track, participation in our remembrance ceremonies, teambuilding
